**TOTEMENT/PAPER**  
Principal Architect

The building is located in Kaliningrad region in old German town which was seriously damaged during World War II. In an empty place adjacent to the railroad a modern plant of brandy production was built. Our task was a warehouse building project which apart from its main function - storing brandy barrels - would serve as a place of meetings and communication, guests reception as well as a symbol of creation and rebirth, demonstrating the role of the plant in the city life. The...
